### Save Money-Put Goodyear Tires on Your Small Car

Avoid disappointment with tires made to be sold at sensationally cheap prices by using Goodyear Tires built to deliver maximum mileage at minimum cost.

The high relative value built into Goodyear Tires, of the  $30 \times 3$ -,  $30 \times 3\frac{1}{2}$ -, and  $31 \times 4$ -inch sizes, results from the application of Goodyear experience and care to their manufacture in the world's largest tire factory devoted to these sizes.

Such facts explain why more cars, using these sizes, were factory-equipped last year with Goodyear Tires than with any other kind.

If you drive a Ford, Chevrolet, Maxwell or Dort, take advantage of the opportunity to enjoy true Goodyear mileage and economy; equip your car with Goodyear Tires and Heavy Tourist Tubes at our nearest Service Station.

30 x 31/2 Goodyear Double-Cure \$2350 Fabric, All-Weather Tread...... 30 x 31/2 Goodyear Single-Cure \$2150

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit - why risk costly casings when such sure protection is available?
